1. Background

- a) Medicines constitute an extremely important and considerably large component of health and medical care services in the government health sector in our state. The Department of Health & Family Welfare (DoHFW), Government of West Bengal (GoWB) spends a sizeable amount of the total health budget for medicines. The budgetary allocation for procurement of medicines showed a significant increase over the previous years to ensure greater availability of generic medicines for free supplies to a large section of patients treated in the government hospitals. However, despite such importance attached to medicines, the DoHFW is still confronted with issues of greater access to good quality of medicines by the people at affordable cost, as well as, an organized supply and delivery system to cater to the needs of the people at all levels- primary, secondary and tertiary health care facilities across the state.
- The magnitude of the above problems is greatly felt across the state specially at the level of Tertiary and Secondary care Hospitals, the services of which are being utilized by a vast section of people to avail of the multi speciality service facilities provided in these hospitals. In spite of various initiatives to strengthen greater availability of generic medicines for free supplies of drugs, due to several issues, the existing supply and delivery system of medicines in most of the above tier of hospitals are not adequate to meet the needs of the patients. In this situation, patients are dependent, to a large extent, on the private retail pharmacy outlets operating outside the hospitals. Information and reports indicate that these retail outlets have sizeable business volume through the sales of a range of branded medicines at market price to the patients seeking treatment in these government hospitals. The Hospital Authorities have neither any control on the pricing of these brands to make these available at lower than the market price and at affordable cost to the patients of the hospital nor can institute its own monitoring mechanism to check, on an ongoing basis, the quality of the medicines being sold in these outlets.
- c) In order to meet the challenge of improved access to good quality medicines, consumables etc by the patients at large in the above tier of hospitals at affordable price round the clock, it was felt necessary to create a secondary source of supply outlets under PPP to ensure round the clock availability of products at pre approved discounted rates over the MRP, much lower than the market price. Accordingly, the DoHFW has started taking initiatives in the last two years to involve suitable and competent private sector organizations and use their strengths for establishment of round the clock operation of Fair Price Outlet through PPP as an 'Add-on-Facility' within the government hospitals for the benefit of the patients.
- d) In the first phase, **35** Hospitals were selected covering all the Medical Colleges, District Hospitals and selected Sub Divisional Hospitals (SDH) for these outlets under PPP and FPMS started functioning in all the 35 Hospitals between December 11, 2012 and August 2013. With overwhelming responses and acceptance for the scheme as is evident from the performance trend in terms of benefit to the patients, it was felt that the scheme could be rolled out to all the SDHs, State General Hospitals (SGH) and selected Rural Hospitals (RH) of the State. Accordingly, initiative were undertaken for establishment of FPMS in another 86 Hospitals and as on

July 20,2014, FPMS have started functioning in another **41** Hospitals of the State

A total of **76 FPMS** out of a total of **121 planned** have been operationalised between December 11, 2012 and July 20, 2014 in different hospitals of the State.

- e) During the process of rolling out of the scheme, it was also felt necessary to establish FPMS in some of the important hospitals of the state viz Dr B.C.Roy Post Graduate Institute of Paediatric Sciences and Lady Duffrin Hospital catering to the needs of mother and child and for effective implementation of Janani Sishu O Suraksha Karyakram (JSSK) in these hospitals. Accordingly these hospitals were included in the list of 121 hospital planned for operationalisation and the establishment of the FPMS are under process in these hospitals
- f) The DoHFW has now felt the need of expanding the benefits of FPMS with round the clock services at Chittaranjan Seva Sadan & Sishu Sadan Hospital, 37 S.P.Mukherjee Road, Kolkata- 700026 keeping in mind of the need of strengthening the mother and child care benefits through efficient utilization of JSSK as well as meeting the needs of quality medicines and consumables to fulfil the requirement of the gynaecological and Paediatric cases in this Institution.
- g) As with other hospitals, the FPMS in this institution will also be known as "<u>Najyamuller Aushadher Dokan</u>" and this will be displayed in each outlet being operated under PPP in regional language
- h) The existing system of procurement and supply of the DoHFW for drugs, surgical equipments and hospital consumables through Central Medical Stores (CMS) approved vendors will continue to operate in this hospital. The Memorandum No. H/TDE/372/M-02/12 dated Kolkata 31.03.2014 issued in this connection and available in the web site of the DoHFW may please be referred. A copy of the said Memorandum is also available with this document as Annexure 6

2. Purpose of the Scheme

The purpose of this scheme is to ensure round the clock availability of quality medicines, consumables, surgical items etc at pre-approved discounted rates over the Maximum Retail Price (MRP) to provide utmost benefits to the patients through the FPMS in this hospital.

3. Products and Services to be delivered

a) The Private Sector Partner (PSP) selected based on pre defined selection process and operating the fair price retail outlet will mandatorily stock and sell the items provided in **Annexure 1** to meet the requirements of the patients seeking treatment in these hospitals.

- b) In case of medicines, the fair price outlet shall procure and sell all items under Generic Form as per mandatory list 142 items as well as products under Janani Sishu Suraksha Karyakram (JSSK) as described under Annexure 1.
- c) Apart the above mentioned items, the fair price outlet shall be allowed to procure and sell Generic/Branded Medicines for formulations other than the list of mandatory items and products under JSSK as referred above under 'b' to meet the requirements of the customers. In addition, if the generic version for any of the above referred mandatory items is not available, such items may be procured and sold under Branded Medicines

The fair price outlet shall also be required to stock and sell Human Insulin Injection -40IU (10 ml vial) at the prescribed rate for the benefit of the patients suffering from Diabetes.

- d) In addition to the list of mandatory items and items under JSSK, list of other items to be stocked and sold to the customer in all the fair price outlets will comprise of the following:
 - Medical Consumables (including consumables listed under JSSK) and surgical items.
- e) The fair price outlet shall also be permitted to stock and sell the following items other than those mentioned above:
 - Health Drinks/ Nutritional Supplements
 - Baby products --- Baby powder, soap, cream, shampoo, lotion, oil (except baby and infant food)
 - Sanitary Napkins
- f) The list of all generic medicines, branded medicines and all other items mentioned above will be sold at pre-approved discounted rates much lower than the MRP as described in the pricing policy of this scheme under Section 7.
- g) The Procurement Policy and quality assurance system that need to be complied by the PSP are provided under Section 6 and Section 8 respectively.
- h) The PSP shall not stock and sell any of the medicines/items banned under the Notifications issued by the Government of India (Gol).

4. Essence of the Partnership Model and Investment Pattern

- a) The model for the fair price outlet under PPP shall be operationalized by a legal instrument – a contract signed between the selected PSP and the Superintendent of the concerned SD Hospital / SG Hospital / Rural Hospitals / other Hospital as the case may be.
- b) The initial duration of the contract will be for a period of **four years**. There will be an annual review of performance. The renewal of the contract at the end of four years will be subject to satisfactory consecutive annual review reports during the initial contract period of four years.

c) The <u>investment pattern</u> of both the DoHFW and the PSP are provided in the following table under the terms of the contract:

Partner	Investment Pattern
The DoHFW & its various wings	I. Ready to use room shall be provided to the PSP within the Chittaranjan Seva Sadan Hospital as per the norms of Drugs and Cosmetic Act 1940 and Rules 1945 as amended hereafter, with additional storage space. The PSP will be required to pay rent for the space as per assessed rate. The allocated space should be adequate for the PSP to manage the expected business volume of the proposed fair price outlet.
	II. It may be mentioned here, in case ready to use room is not available in any hospital, the PSP may be allowed to make necessary construction of the required space at its own cost within the hospital premises subject to compliance of essential formalities and vetting of the estimates given by the PSP by the competent authority. In such case, where the construction is undertaken by the PSP at its own cost, the amount so spent by the PSP shall be adjusted against the rent to be paid by the PSP as per assessed rate for the space on monthly basis during the tenure of the initial agreement.
	III. Access to free water supply
The PSP	 I. Performance Security shall be furnished by the selected PSP in the form of Bank Guarantee with any scheduled Bank acceptable to the DoHFW valid for <u>54 months</u> from the date of contract for an amount as under. a. Rs 5,000,00/- (Rs Five Lac) only for operating the fair price outlet in this Hospitals
	II. Internal furnishing and furbishing of the room
	III. Installation of furniture, equipment and refrigerator as per requirement of Drugs and Cosmetic Act, 1940 and Rules, 1945 as amended hereafter
	IV. Setting up a separate electricity metre in the name of the PSP – for which necessary no objection certificates could be made available by the Rogi Kalyan Samiti (RKS) of the concerned hospital. In case separate electric meter cannot be provided to the PSP by the concerned authority of the energy supplier, an alternative arrangement shall be worked out by the PSP in consultation with the hospital authority. (However, it is to be noted that the hospital authority shall
	arrange at their cost installation of the electrical connection and augmentation if required up to the door step of the operating rooms for the facilities undertaken under PPP)

d) The usage right of the space allocated to the PSP will be governed by the provisions of the contract signed between the concerned parties as mentioned under 'a' above in this section. The PSP shall not have any claim and / or ownership rights for the space allocated.

5. Role and responsibilities of each Partner

A. The DoHFW and its various wings/hospital authorities

- The DoHFW / hospital authorities will provide ready to use room for the fair price outlet within the hospital as per the norms of Drugs and Cosmetic Act 1940 and Rules 1945 as amended hereafter, with additional storage space. The allocated space would be adequate for the private partner to manage the expected business volume of the proposed pharmacy outlet.
- 2) The DoHFW / hospital authorities will fix the rent for the space to be provided to the PSP as per assessed rate.
- 3) In case, ready to use space is not available, the PSP may be allowed to make necessary construction of the required space at its own cost within the hospital premises subject to compliance of essential formalities and in such case, the amount so spent by the PSP shall be adjusted against the rent to be paid by the PSP as per assessed rate for the space on monthly basis during the tenure of the agreement
- 4) The hospital authorities will make necessary arrangements for access of free water supply by the PSP round the clock
- 5) Use of electricity will be allowed by DoHFW for which the PSP will pay consumption charges directly to the energy supplier as per prevailing rules of the energy supplier. Necessary NOC from the competent authority of the concerned hospital will be provided to the PSP for procurement of separate electric meter for which the applicable security deposit and installation charges within the operating rooms under PPP will be borne by the PSP. However, it is to be noted that DoHFW/hospital authorities will arrange at their cost installation of the electrical connection and augmentation if required up to the door step of the operating rooms for the facilities undertaken under PPP.
- 6) The monitoring committee formed by the Rogi Kalyan Samiti (RKS) of the concerned hospital will undertake day to day monitoring relating to operation and management of the fair price outlet under PPP of the concerned hospital.
- 7) The DoHFW at the state level shall undertake monitoring of policy related areas viz implementation of the procurement and pricing policy and quality assurance system as described under section 6,7 and 8 respectively.
- 8) The DoHFW shall develop appropriate soft ware package to be installed by the PSP for disseminating information on multiple parameter for operation and management of the fair price outlet.

9) The RKS of the concerned hospital will extend necessary help and support to the PSP for smooth operation of the fair price outlet

B. The PSP

- 1) The PSP will complete all formalities for separate electricity connection with electricity metre and comply with all the requirements as described under A4 in this Section.
- 2) All internal equipping, furnishing and furbishing of the space/room will be undertaken by the PSP at its own cost
- 3) The PSP will be responsible for maintaining security of the establishment
- 4) **P**erformance Security shall be furnished by the PSP in the form of Bank Guarantee as described under Section 4c.
- 5) The PSP will ensure timely payment of the rent fixed by the DoHFW for the space provided for the fair price outlet and comply with the terms and conditions for payment of rent as incorporated in the legal contract
- 6) The PSP will arrange its own finances to run its business.
- 7) The PSP will undertake the entire operation and management of the fair price outlet including procurement of the items and deployment of manpower.
- 8) The PSP will appoint, train and maintain its own staff and will also comply with the requirements of engaging registered Pharmacist as per norms
- 9) The fair price outlet shall be kept open to the customers round the clock throughout the year.
- 10) The PSP will fulfil necessary requirements for obtaining Drug License, Trade License and other applicable licenses and norms for the fair price outlet
- 11) The PSP will follow the requirements laid down relating to Products and Services to be delivered as stated under Section 3
- 12) The PSP will comply with the **procurement policy, pricing policy and quality assurance norms** as incorporated in the scheme to provide utmost benefit to the patients both in terms of quality and cost for each of the products in the fair price outlet.
- 13) Adequate inventory of stocks will be maintained by the PSP to avoid any stock out situations
- 14) All items are to be sold to the patients on valid prescriptions at the agreed discount on MRP and in compliance with existing Drugs and Cosmetics Acts and Rules. All receipts/cash memos must be computerized and comply with applicable norms and in addition shall include the percentage of discount given on MRP.

15) **N**ecessary soft ware packages as described under A8 in this Section will be installed by the PSP at their own cost and all transactions will be recorded on daily basis using this soft ware for operation and management of the fair price outlet.

6. Procurement Policy

- The PSP will procure standard quality of medicines/consumables/surgical items as well as other items from manufacturing organizations or their marketing organizations or their authorized distributors. In addition, implants/prosthetic devices / Orthopaedic items/appliances etc currently in use in the concerned hospital will also be procured by the PSP from manufacturing organizations or their marketing organizations or their authorized distributors.
- 2) **a**. The following guidelines are required to be followed by the PSP for procurement of **medicines**:
- The Manufacturing Organizations are Revised Schedule M compliant and conform to cGMP standards.
- The Manufacturing Organization or their Marketing Organization should have a minimum annual sales turn over of Rs 40 Crores in aggregate of the last two financial years ending March 2013.
- The Manufacturing Organization or its Marketing Organization should have its own depot or C&FA in West Bengal with distribution network through authorized distributors in all the districts of West Bengal.
 - **b.** The PSP shall maintain and update softcopy of the list of manufacturing organizations relating to procurement of medicines taking into account all the above requirements as mentioned under 'a' above. The PSP shall be required to submit the hard copy of this information to the DoHFW at the state level and RKS of the concerned hospital as and when required for their record.
- 3) a. The procurement of items <u>other than medicines</u> shall also be made with due consideration on the quality of the items, credibility and performance record of the manufacturer, their marketing organizations/authorized Distributor and existing usage of these products in different hospitals
 - **b.** The Manufacturing Organization or their Marketing Organization for these items should have a minimum annual sales turn over of Rs 10 Crores in aggregate of the last <u>two</u> financial years ending March 2013 in order to qualify for supply of the items
 - **c.** The PSP shall maintain and update softcopy of the list of manufacturing organizations and their marketing organizations relating to procurement of different items other than medicines taking into account all the above requirements as mentioned under 'a' and 'b' above and submit the hard copy of the same to the DoHFW at the state level and RKS of the concerned hospital as and when required for their record

7. Pricing Policy

- a) The PSP shall offer maximum discounts to the customers over MRP of all the items. The discounts offered will have to be more than 30% of the MRP on all items to be sold to the patients through the fair price outlet
- b) Contract will be awarded to the applicant who will offer the maximum discount over MRP for all the items in the FPMS after being qualified on technical parameters
- c) Percentage discount will be applicable on the MRP mentioned and will be inclusive of all taxes. No other components/taxes will be levied on the discounted price. The percentage of discount shall be mentioned in the computerized cash memos provided to the customers
- d) The PSP shall ensure that the discount given on MRP provides substantial benefits to the patients as compared to the market price

8. Quality Assurance

- a) The hospital authorities would institute the following measures to ensure quality of generic/branded medicines to be procured and sold by the PSP:
 - 1 The fair price outlet would procure stocks only from the approved manufacturers as described under Procurement Policy in Section 6
 - The hospital authorities may ask the PSP to submit analytical report from the manufacturers and/or approved and accredited laboratories in the country for certain randomly selected batches of stocks supplied by the manufacturers. In such cases, it is obligatory on the part of the PSP to arrange for such reports at their own expenses and submit the reports within a specific time frame.
- b) In addition, quality audits would be undertaken time to time from the office of the Director, Drugs Control through the approved testing laboratory.
- c) The PSP shall ensure that items which are on the verge of expiry or already expired are not sold to the customers under any circumstances. The PSP shall not sale any misbranded or spurious or adulterated drugs as well as drugs and combination of drugs banned in India under Notifications issued by the Government of India.
- d) Items other than medicines must conform to the specification standards as applicable.(e.g. specifications standards laid down by the Bureau of Indian Standards)

9. Monitoring Mechanism

- a) The competent authority of the Hospital on behalf of RKS shall monitor the day-to-day operational activities of the services undertaken in the fair price outlet.
- b) Performance review will be undertaken by RKS on quarterly basis.
- c) Approved soft ware packages will be installed by the PSP to disseminate information on multiple parameters on operation and management of the fair price outlet under PPP and include information like inventory status, stock outs, near expiry stocks etc. The Hospital Authorities will have regular access to all these information for monitoring and evaluating performance of the FPMS
- d) The DoHFW at the state level shall undertake monitoring of policy related areas viz implementation of the procurement and pricing policy and quality assurance system as described under section 6,7 and 8 respectively.

10. Causes for Termination

Any of the following events shall constitute an event of default by the PSP entitling the Hospital Authority to terminate the contract:

- a. Failure to commence services in the Hospital within **two (2) months** of signing the agreement
- b. Over charging from the patients for any of the items and not offering the pre determined discount in violation of the terms of the agreement.
- c. Selling expired or spurious or recycled or a combination of any such products or drugs and combinations of drugs banned in India under Notifications issued by the Government of India to the customers from the fair price outlet under PPP.
- d. Failure to comply with the statutory requirements, Drugs & Cosmetics Acts, Rules and other applicable norms for the operation of the fair price outlet.
- e. Criminal indictment of the promoters, member/s of the Board of Directors, chief functionaries, key personnel engaged by the PSP for operation and management of the fair price outlet.
- f. Engagement of unqualified persons for running of the Services
- g. Use of the allocated space by the PSP for any other purpose other than the approved scheme.
- h. Failure to comply with the terms of the contract relating to the Performance Security to be furnished by the Concessionaire in the form of Bank Guarantee.
- Complaints of Stock outs received from the customers for items under mandatory list and also verified by surprise checks in more than three occasions in a month for two consecutive months

- j. If it is substantiated that the PSP had resorted to fraudulent practices in competing for the award of contract
- k. If the PSP has sublet the space to any other Organization for operation and management of the fair price outlet.
- I. Non-payment of rent or any other dues

m. Non-compliance of 'Information System' as described under Section 5B15

Upon occurrence of any of the defaults, the Hospital Authority would follow the procedures of issuing Notice/Show Cause before deciding on termination of the agreement. The decision of the Hospital Authority shall be final and binding on the PSP.

11. Process of selection of the PSP

a. Selection Committee

The DoHFW shall form a Selection Committee (SC) to undertake selection of the applicants for the fair price outlet under PPP.

b. Eligibility Criteria of the Applicant

The eligibility criteria for application of prospecting applicants for consideration of selection of the Organization for the fair price outlet under PPP are provided as under:

- The applicant shall have a minimum of five years experience in managing a Retail Chemist Outlet or as a Wholesaler/Distributor in the pharmaceutical trade in the State of West Bengal. Organizations operating in West Bengal and registered under The Societies Registration Act/The Indian Trust Act and engaged in activities in the pharmaceutical sector (medicines etc) will also be eligible for submitting application.
- 2) The Organization must be holding valid license issued under the provisions of the Drugs & Cosmetics Act as on the date of submission of the application
- 3) The Organization has not been convicted by the state drug authorities and no case is pending under the provisions of the Drugs & Cosmetic Act 1940 and The Drugs and Cosmetic Rules, 1945 as amended hereafter (self declaration shall be submitted by the applicant along with the application).
- 4) The Organization should have a minimum sales turnover in aggregate of last two financial years ending March 2012 **or** last two financial years ending March 2013 as follows:
 - For organizations with existing Retail Chemist Outlet

The sales turnover of the organization must not be below Rs. one crore and fifty lac (1.5 crore) in aggregate of the last two financial years ending March 2013 or in aggregate of the last two financial years ending March 2014 (copy of audited Balance Sheet, Income & Expenditure and P/L accounts are required to be submitted by the applicant)

For other organization (existing wholesaler/Distributor of pharmaceutical trade)

The sales turnover of the Organization must not be below Rs. Three crore (3 crore) in aggregate of the last two financial years ending March 2013 or in aggregate of the last two financial years ending March 2014 (copy of audited Balance Sheet, Income & Expenditure and P/L accounts are required of submitted by the applicant)

Applicant failing to fulfil any of the above-mentioned Eligibility Criteria will not be considered for selection. However, the Selection Committee may relax one or more of the eligibility criteria excepting sl nos 2 and 3 in case of deserving applicants.

It is to be noted that further selection processes as mentioned under 'c' below would be undertaken only for those applicants who are found eligible based on above-mentioned criteria

c. Selection Process

1. Selection process shall include evaluation of technical qualification of eligible applicants based on applications submitted by each organization and subsequent opening of financial bid (discount offered on MRP) of technically qualified applicants. (The details of the procedures for submitting applications have been provided under Annexure 3). Selection process relating to technical qualification would involve short-listing of applicants based on marks scored by the applicants on each of the criteria under Technical proposal as provided hereafter. It is to be noted that Physical Inspection at the facilities of the applicants with prior intimation may also be undertaken by SC or members authorized by SC for gathering information relating to short listing of applicants for further processing for select

Criteria	Marks
The Organization has experience of running the existing set up for last five years and above.	a. > 05 - 08 years = 10 marks b. > 08 - 12 years = 15 marks c. > 12 years = 20- marks
Eor applicants having existing retail pharmacy outlet	
Annual Turnover (in Rupees) in aggregate of last two financial years of the Organization having retail chemist outlet	a. > 1.5 crore - 2.5 crore = 12 marks b. > 2.5 crore - 3.5 crore = 15 marks c. > 3.5 crore = 20 mark
OR 2 For applicants having existing wholesale/distribution set up	
Annual Turnover (in Rupees) in aggregate of last two financial years of the organisation engaged as wholesaler/distributor in pharmaceutical trade	a. > 3 crore - 4 crore = 12 marks b. > 4 crore - 5 crore = 15 marks c. > 5 crore = 20 mark
3. In case of applicants having existing retail pharmacy outlet, the existing establishment has adequate man power for management of the outlet	1. Pharmacists a. One=4 marks b. Two=8 marks c. Three=12 marks
Or	2. Sales Personnel a. > 3-4 = 3 marks b. >4-6= 6 marks c. > 6= 8 marks
In case of wholesaler/distributor, the existing organization has experience of supplying products to government hospitals under GoWB or in ESIC	a. Have experience of supplying in hospitals under GoWB : 10 marks b. Have experience of supplying in hospitals under GoWB and ESIC : 20 marks
4.The Organization is located and has business operation at Kolkata	If Yes: 20 marks

5. The organisation has been operating fair price medicine shop under PPP in any of the Medical College & Hospital or District Hospital or Sub Divisional Hospital in the State of West Bengal	If Yes: 5 marks
6 For applicants having existing retail pharmacy outlet	
The existing retail pharmacy outlet of the applicant is located in front of or surrounding area (within two kms) of the hospital for which the application for fair price outlet under PPP has been submitted OR 6. For applicants having existing wholesale/distribution set up	If Yes: 15 marks
The wholesaler/distributing organisation has been handling business for more than 10 pharmaceutical companies	

The maximum possible marks, which may be scored by an applicant, are 100. Minimum qualifying marks are 60 out of 100 (i.e. 60 % of the total possible marks). The Organizations scoring 60 and above would be short-listed for next round for selection

- 2. After short-listing of applicants based on technical qualification as mentioned above, final selection of the Organization from the short-listed applicants would be made on the basis of the highest discount offer made by an applicant on MRP. The discount offered must be more than 30% of MRP. (Please note that the BID on the discount offered by the applicant will be opened only for short-listed applicants based on technical qualifications as mentioned above.)
- 3. The SC can call for any further clarifications or information or documents at any point of time. The applicant may also be called for explaining or clarifying issues, if there be any.
- 4. Decision of the SC on selection of the Organization is final.

d. Other Information

1. Earnest Money Deposit (EMD) and submission of application

An EMD of Rs 15000 /- by way of separate Demand Draft/Pay Order must accompany each application. (Details of submission of the EMD and applications are provided under Annexure 3)

For any clarification, interested organizations may contact over Phone (033) 2333-0613 / 2333-0628 between Monday and Friday (10.30am – 5.00pm).

IMPORTANT

C. <u>Products under JSSK</u>

The FPMS shall keep stocks of Medicines/Formulations/Consumables listed under the guidelines of Janani Sishu Suraksha Karyakram (JSSK) and not included, if any, in the above list of medicines and consumables. The list of essential drugs and consumables under JSSK as per Memo no. H/TDE/372/M-02/12 issued by the DoHFW may be referred in this connection. The same is provided with this document as Annexure 6

- D. In addition to the mandatory list of medicines, the fair price outlet shall be permitted to stock and sell Generic/Branded Medicines other than the list of 142 mandatory items and JSSK items as mentioned above under 'A'
- E. The fair price outlet shall also be required to stock and sell a range of Carcino-Chemotherapeutic drugs (medicines under Oncology) for the benefit of the suffering patients
- F. The fair price outlet shall also be permitted to stock and sell the following items:
 - Health Drinks/ Nutritional Supplements
 - Baby products --- Baby powder, soap, cream, shampoo, lotion, oil (except baby and infant food)
 - Sanitary Napkin

Annexure 2

Instruction to organizations regarding submission of application

- 1) Please read this scheme document carefully before submission of the application.
- 2) An Organization may submit application for more than one hospital. However, the applicant shall have to submit separate application and separate EMD for each of the hospitals.
- 3) The EMD of Rs 15000/- (Rs Fifteen thousand) only by way of separate Demand Draft / Pay Order from a scheduled Bank must accompany <u>each application</u>. The Demand Draft / Pay Order should be made in favour of "Executive Director, West Bengal State Health and Family Welfare Samiti"
- 4) The EMD of the selected applicant will be returned upon the applicant's executing the contract and furnishing Performance Security. Unsuccessful applicants' EMD will be returned within 60 days after the successful completion of the Bidding process. The EMD may be forfeited if the applicant withdraws its BID during the period of BID validity. The EMD of the selected applicants may be forfeited if the organization fails to sign the contract in accordance with the terms and conditions and/or fails to furnish Performance Security as per the terms and conditions.
- 5) The application is to be submitted in the prescribed format containing general and technical information along with copy of documents to be submitted as per Annexure-3 and the Demand Draft/Pay Order by way of EMD. This application is to be sealed and superscribed "General and Technical Information with EMD with copy of required documents submitted by _______ "
- 6) Format for the percentage of discount to be offered by the applicant on MRP is given in Annexure-4. This document is to be sealed and superscribed: "Offer for Discount on MRP submitted by ______" (to be submitted in the letter head of the applicant)
- 7) Draft of the covering letter is provided in Annexure 5. (to be submitted in the letter head of the applicant)
- 8) The sealed documents as mentioned above under serial number 5, the sealed documents as mentioned above under serial number 6 along with a covering letter as mentioned above under serial number 7 should be put in one envelope superscribed:

Application for fair price outlet

Name of the Hospital for which application is submitted:

9) The application is to be submitted in the following address:

Special Secretary (PPP)
Health & Family Welfare Department
Government of West Benga
Swasthya Bhawan, 3rd Floor, Wing-B,
Salt Lake, Sec: V, Kolkata-700091

- 10) The last date for submission of application is September 05, 2014 till 4.30 pm. Applications received after 4.30 pm will not be accepted.
- 11) If any of the documents as asked for are not submitted along with the application, the application form submitted by the applicant may be rejected.
- 12) Interested Organizations desiring to undertake physical inspection of the Hospital before submission of the EoI as well as for any clarification, if required, relating to filling of application may contact over Phone nos (033) 2333-0613 / 2333-0628 between Monday and Friday (10.30am 5.00pm).

Dated, Kolkata 31.03.2014

MEMORANDUM

In order to have a better Store Management and efficient financial control over the procurement and distribution of all types of drugs and hospital consumables in this department, an on line Store Management Information system (SMIS) has been introduced w.e.f April, 2011. Presently, all types of procurement, GRN made and payment of bills under drugs and hospital consumables etc are being managed, monitored & routed through the SMIS out of state budget fund.

Now, after careful consideration of the matter, in supersession of all previous orders in this respect, it has been decided that all types of procurement of drugs, surgical equipment and hospital consumables will be made to the CMS approved vendors for the year 2014-15. The procurement order, GRN to be made thereof and payment of bills under JSSK will be managed, monitored & routed through the SMIS w.e.f 1st April, 2014.

Accordingly, I have been directed by the order of the Governor to say that the Governor has been pleased to direct that in respect of Jannani Sishu Suraksha Karyakram:

- 1) All types of procurement of drugs, surgical equipments and hospital consumables to be made to the CMS approved vendors by the Central Medical Store, Medical Colleges & hospitals, Teaching hospitals & all District Reserve Stores must be processed through this Store Management Information System software package mandatorily w.e.f 1st April, 2014 and would continue until further order.
- 2) The availability of the JSSK drugs, surgical equipments and hospital consumables are to be ensured first. The approved list of drugs, surgical equipment and consumables is enclosed for ready reference.
- 3) The stock position as stood on 1st April, 2014 in regard to drug, surgical equipments and hospital consumables are to be entered in the SMIS as Opening balance of the stock.
- 4) The anticipated consumption for the current financial year shall be calculated and entered in the software.
- 5) The anticipated consumption for the year 2014-15 shall be calculated by enhancing the current year's consumption upto a maximum of 10% and entered in the software in the month of April, 2014.
- 6) Anticipated quarterly consumption level shall be restricted to one-fourth of the same. The system will automatically generate the anticipated quarterly consumption for each type of drug, surgical equipment and consumables for which Purchase Order (PO) can be issued.

- 7) Approved rate chart of CMS for all catalogued items under JSSK for the financial year 2014-15 shall be available in the system as Master Data and will be available to all the PO issuing units for use.
- 8) The Medical College & Hospital and other teaching hospitals may incur expenditure upto a maximum of 30% of the allocation for Non Cat items for procuring drugs, surgical equipment and hospital consumables from the Fair Price Medicine shops by using SMIS. In case of non availability of the Non Cat medicine in the Fair Price Medicine shop, procurement may be made from medicine shop at a pre-determined discounted rate observing financial norms. All these procurement should be done observing financial norms as laid down by the Finance Department Notification vide no 5400-FY dated 25.06.2012.
- 9) The outstanding bills as stood on 31st March, 2014, if any, should be entered in the system for processing through the system.
- 10) NHM will provide necessary fund out of its budgetary provision. All types of allotments received from the NHM shall be available in the system and will be entered from the Audit, Accounts & Verification (AA&V) wing of this Department and will be available to all the PO issuing units for use.
- 11) The system has been so designed that PO for any item cannot be generated till the available stock for such item is equal to or more than the 25% of anticipated quarterly consumption level. There must be available fund under the required head of account before issuing any PO.
- 12) For each receipt of item against a PO in full the batch number, date of manufacture and expiry date must be entered in the system mandatorily, in case of Drug items only, at the time of making entry of the Goods Receipt Note (GRN). For each receipt of items, GRN must be issued on paper duly stamped and signed a copy of which to be handed over to the vendor and also with the bill subsequently. Any item not included in the PO shall not be received in the stores.
- 13) There must be an indent to the store before issue of any item. The modalities for indenting by the indenting unit, issue of drugs by following First Expiry First Out (FEFO) and Goods Issue Note (GIN) must be issued on paper duly stamped and signed against each issue to the indenting units along with the physical items for record. The other issues like sending samples for quality testing of drugs and other issues dealt by SMIS as is being done in respect of state budget fund will apply mutatis mutandis.

This has approval of the Principal Secretary of this department.

All concerned are being informed.

Special Secretary

215	AN-92	Spinocaine needle 25G	Each
	AN-93	Spinocaine needle 26 G	Each
	BT-29	Micro drip set with volume chamber	Each
	BT-30	Disposable neonatal blood exchange set	Each
	BT-31	Micro drip set.	Each
	CL-134	Capillary tube for micro ESR	Each
	ME-30	3 way stop Cock	Each
	ME-84(a)	Neonatal BP Calf	Each
	ME-84(b)	Infant BP Calf	Each
	ME-86	Disposable hypodermic syringe 1ml	Each
	ME-87		Each
		PMO line for Syringe Pump	
	ME-88(a)	PICC line 28 G	Each
	ME-88(b)	PICC line 24G	Each
	MID-125(a)	Umbilical artery catheter 3.5 Fr	Each
229	MID-125(b)	Umbilical artery catheter 5 Fr	Each

	NE-4(a)	Resuscitation Bag 250ml	Each
231	NE-4(b)	Resuscitation Bag 750ml	Each
232	PDS-2(a)	Folly's catheter for new-born	Each
233	PDS-2(b)	Folly's catheter for infant	Each
234	PDS-37(a)	Endo-tracheal Tube 3mm	Each
235	PDS-37(b)	Endo-tracheal Tube 3.5mm	Each
236	PDS-37(c)	Endo-tracheal Tube 4mm	Each
237	PDS-38(a)	Suction catheter 6 size	Each
238	PDS-38(b)	Suction catheter 8 size	Each
239	PDS-38(c)	Suction catheter 10 size	Each
240	PDS-75	Endo-tracheal Tube 2.5mm	Each
241	PLS-71(b)	Suction apparatus (Delee's mucous sucker)	Each
242	SD-24	Transparent adhesive for IV line fixation	Each
243	THS-247	Paediatric Uro bag	Each
244	SD-20(a)	Absorbent bandage 4" X 10 yard.	Each roll
245	SD-20(b)	Absorbent bandage 6" X 10 yard.	Each roll
246	ME-47	Baby Weighing machine IS 2489	Each
247	SD-21	Elastic Adhesive Bandage 10cm X 4 m	Each roll
248	ME-89	Disposable examination gloves latex free	Each
249	ME-90	IV connector (10 cm) with 3 way	Each
250	ME-91	IV set with hypodermic needle 20g.	Each
251	ME-92	IV set with hypodermic needle 21g.	Each
252	WM-22(a)	Rubber Cloth (Soft quality) 70cm X 100 cm IS: 4135-1974	Each roll
253	SD-22(a)	Medical Adhesive Paper Tape 1.25 cm X 9.14 cm.	Each roll
254	SD-22(b)	Medical Adhesive Paper Type 2.5 cm X 1.37 cm	Each roll
255	MID-126	Mucus sucker	Each
256	MID-127	Nebuliser mask (Paediatric)	Each
257	ME-98	Straight IV Cannula (Paediatric)	Each
258	ME-93	O2 Cannula (Paediatric)	Each
259	ME-94	O2 Cannula (Adult)	Each
260	ME-95	Plain catheter (All size)	Each
261	PM-24	Scalpel Blade (All size)	Each
262	ME-96	Suction catheter (Paediatric)	Each
263	ME-97	Suction catheter (Adult)	Each
264	SD-25	Transparent IV lines fixation 6'	Each
265	SD-26	Transparent IV lines fixation 7'	Each
266		Needle 23 G	Each
267		Needle 24 G	Ech
268	ME-17	Disposable hypodermic syringe 20ml	Pack of 100 PCS
269	ME-14(a)	Disposable hypodermic syringe 2ml	Pack of 100 PCS
270	ME-15(A)/i	Disposable hypodermic syringe 5ml	Pack of 100 PCS
271	ME-16	Disposable hypodermic syringe 10ml	Pack of 100 PCS
272	ME-15(A)/ii	Disposable hypodermic syringe 50ml	Pack of 100 PCS
273	ME-21	Insulin syringe	Pack of 100 PCS
274	ME-25	BCG syringe	Pack of 100 PCS
275	ME-31	Ryle's tube (Infant feeding tube) 5 French	Each

276	ME-31	Ryle's tube (Infant feeding tube) 6 French	Each
277	ME-31	Ryle's tube (Infant feeding tube) 8 French	Each
278	PDS-42	Needle 23 G	Per Pc.
279	PDS-42	Needle 24 G	Per Pc.
280	ME-37/i	Sterile gloves	Pack of 1 pair x 12
281	ME-57	Glucometer with strips	Pack of 100 PCS
282	MID-129	Cord clamp	Pack of 100 PCS
283	MID 126	Mucus sucker	Each
284	MID 127	Nebuliser mask(paediatric)	Each
